Dear Chairman and Commissioners:

It has been brought to my attention that there will be a meeting held on September 5, 2002 to discuss proposed expenditure cuts in the State budget. I would like to share with you the positive assistance I have received from the Fair Political Practices Commission – Technical Assistance Division. As the filing officer and filing official for campaign statements and statements of economic interest, I have repeatedly used your assistance line to have questions answered or refer filers to the Fair Political Practices Commission for information.

The City of Anaheim is large and has a population of over 300,000 people. I have the responsibility of collecting over 600 Statements of Economic Interest – Form 700's every year and I am glad that I have attended the workshops. Your Technical Assistance staff is very knowledgeable and helpful and I always learn many new things. I recently used your Outreach Program for campaign statements and I was able to ask more questions than is possible in a group seminar. I now know what my responsibilities are as a filing officer/filing official and I am grateful for the outreach program and your whole Technical Assistance Division. I respectfully request that you consider retaining the current funding levels of the Technical Assistance Division.

Sincerely,

CITY OF ANAHEIM

Cynthia Daniel-Garcia
Assistant City Clerk
